

z2-Environment - Improvement #1532

Classloading speed up

12.10.2013 10:48 - Henning Blohm

Status:	Resolved	Start date:	12.10.2013

Description			
In large solutions, class loading becomes a bottle neck of startup performance again. In fact, the problem is not the positive case of retrieving a class (at least not for z2 class loaders) but instead the performance of negative searches when handled by the system class loader.
