|------------------------|---------------|------------------------|------------|
| Status: | Resolved | Start date: | 29.08.2017 |
| Priority: | Normal | Due date: | |
| Assignee: | Henning Blohm | % Done: | 0% |
| Category: | z2-core | Estimated time: | 0.00 hour |
| Target version: | 2.6 | | |
| origin: | | | |

Description

This includes:

- Support for modules in conjunction with z2 class loaders as far as that is meaningful
- A new ECJ as soon as it is available
- Use of the new process API

(see also <https://docs.oracle.com/javase/9/whatsnew/toc.htm#JSNEW-GUID-C23AFD78-C777-460B-8ACE-58BE5EA681F6>)

History

#1 - 29.09.2017 10:15 - Henning Blohm

- Description updated

#2 - 01.01.2018 14:41 - Henning Blohm

- Parent task set to #1991

#3 - 14.05.2018 15:34 - Henning Blohm

- Status changed from New to Resolved
