Hi Henning,

there's a new Eclipsoid version in z2_base:
com.zfabrik.eclipsoid.feature - 1.0.1.201101111252

which solves this problem.

I also improved the menu entry in the context menu - now it tells "Arm z-Project" if the project is not armed so far and "Disarm z-Project" if it's already armed.

Please check it out.
