Updated by Henning Blohm on 22.12.2010 at 11:18:41

Eclipsoid should expose bin/lib, bin.api/lib, bin/classes, bin.api/classes from its class path container so that the manual project adaptation is not required.

Updated by Udo Offermann on 14.01.2011 at 13:01:24

fixed with Eclipsoid Version 1.1.0

the following libs are added to the Eclipsoid CP container:

```
java/bin.api/classes [public: true]
java/bin.api/lib [public: true]
java/bin.impl/classes [public: false]
java/bin.impl/lib [public: true]
```

```
// add deprecated lib-structure
java/bin/lib [public: true]
java/bin/classes [public: true]
java/bin/private/lib [public: false]
```
