Target version:	2.2		
origin:			

Description

The Eclipsoid should list the DevRepo as repository in the Repositories view.

- 1) Add the DevRepo to the `com.zfabrik.impl.eclipsoid.z2info.RepositoriesRetriever`
- 2) Add a small wrapper to the Eclipsoid Plug-in

Think of adding the local repository as well. For this we need to change `com.zfabrik.impl.components.ComponentsManager`.

History

#1 - 22.10.2012 15:11 - Udo Offermann

- Status changed from New to Resolved

- Target version changed from 6 to 2.2
